Bug Tracking Report

Name: Meghna | SRN: PES1UG24CS269 | BPS#24

Overview

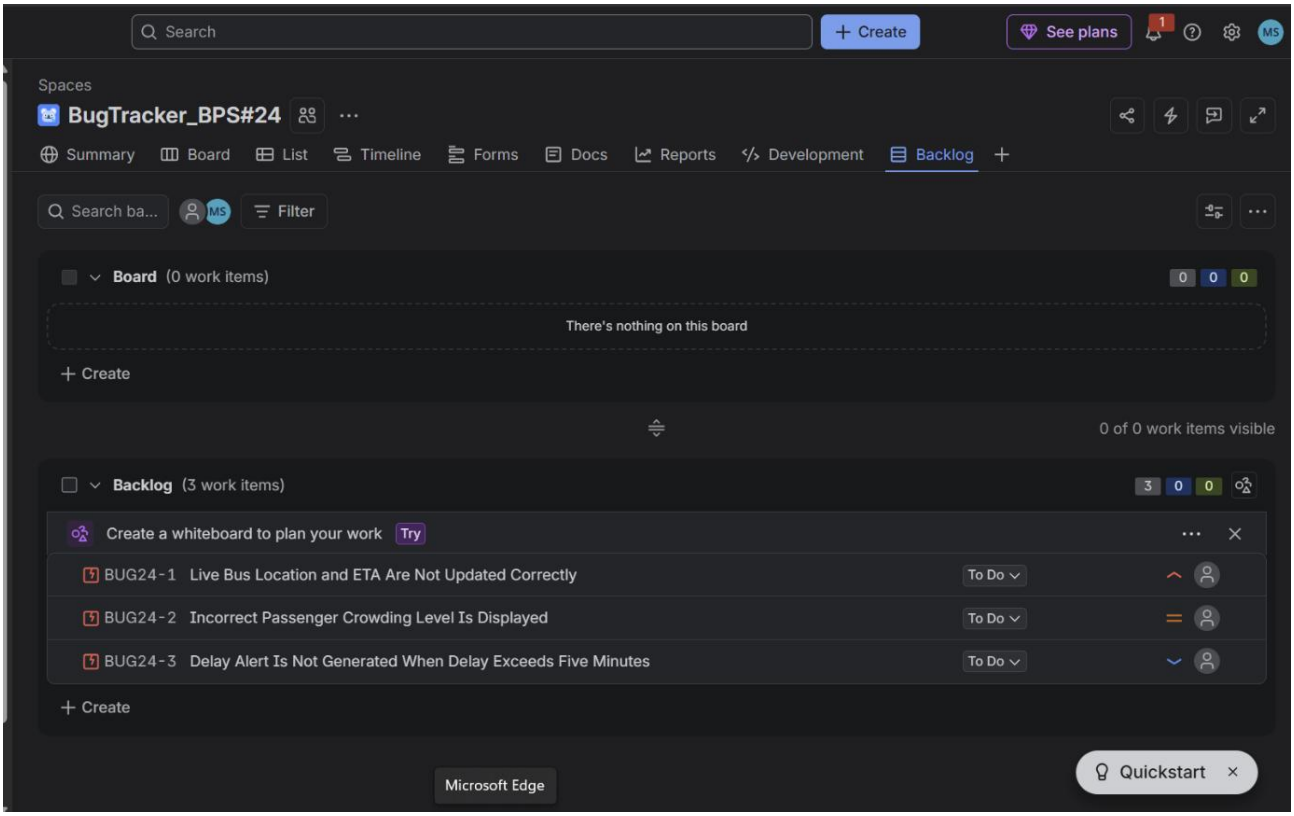

This report documents the Bug Tracking project created in Jira for BPS#24. The screenshots show the bug tracking workflow and the reported software defects.

Screenshot 1

The Bug Tracking project board was prepared to manage reported bugs through the selected workflow.

Screenshot 2

Three bugs were successfully reported, covering live bus tracking and ETA updates, passenger crowding estimation, and delay alert generation.
